

Kedou in The Land of Hearts

Chapter 3. Now You See Me, Now You Don't!

Create a stage for Kedou and his friends to act out their adventures in The Land of Hearts. Do it with your Fefe, Meme, brother, sister or friend and have lots of fun!

Here's what you do. See the photos on **Pages 3 and 4** to help you.

1. Print out the pictures on Pages 2 and 3. Use a colour printer if you can.
2. Cut out the picture on Page 2 and the circular wheel with the cats on Page 3.
3. On the pictures you'll see 3 types of action lines as described below:

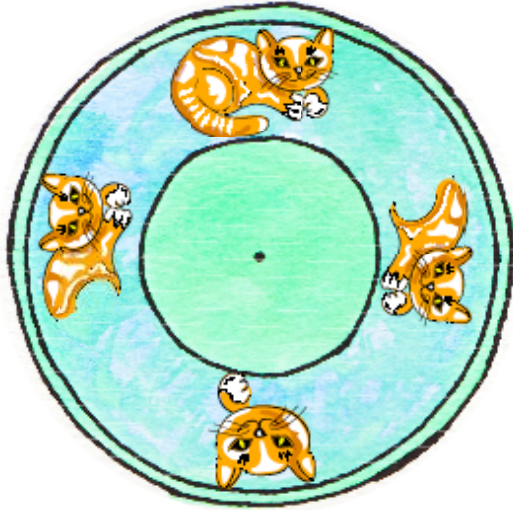

- (a) **CUT:** Cut along the line using a blade or a pair of scissors. Stop when you see the circle at the end of the line. Be very careful when you're using the blade or scissors, okie? Maybe your Fefe, Meme, older brother or sister can do this for you.
- (b) **V-FOLD:** Fold along the dashed line such that the crease points away from you, towards the back.
- (c) **M-FOLD:** Fold along the dashed line such that the crease points at you, towards the front.
4. Cut out the circular wheel in **Picture 1**. Use a sharp point to pierce a hole through the centre, and also through the mark on the tree shown as .
5. Bend the free end of a triangular paper clip as shown in **Picture 2**. Push this free end through the circular wheel to make a handle and fasten the clip at the back with a piece of sticky tape as shown in **Picture 3**.
6. Pass the handle of the wheel through the mark  on the tree. Cat should now appear in the window on the tree. Rotate the wheel and make Cat appear and disappear!
7. Prop up the stage (**Picture 4**) against a wall or box and have lots of fun with Kedou in The Land of Hearts.
