

Kedou in The Land of Hearts

Chapter 5. The Land of Hearts

Create a stage for Kedou and his friends to act out their adventures in The Land of Hearts. Do it with your Fefe, Meme, brother, sister or friend and have lots of fun!

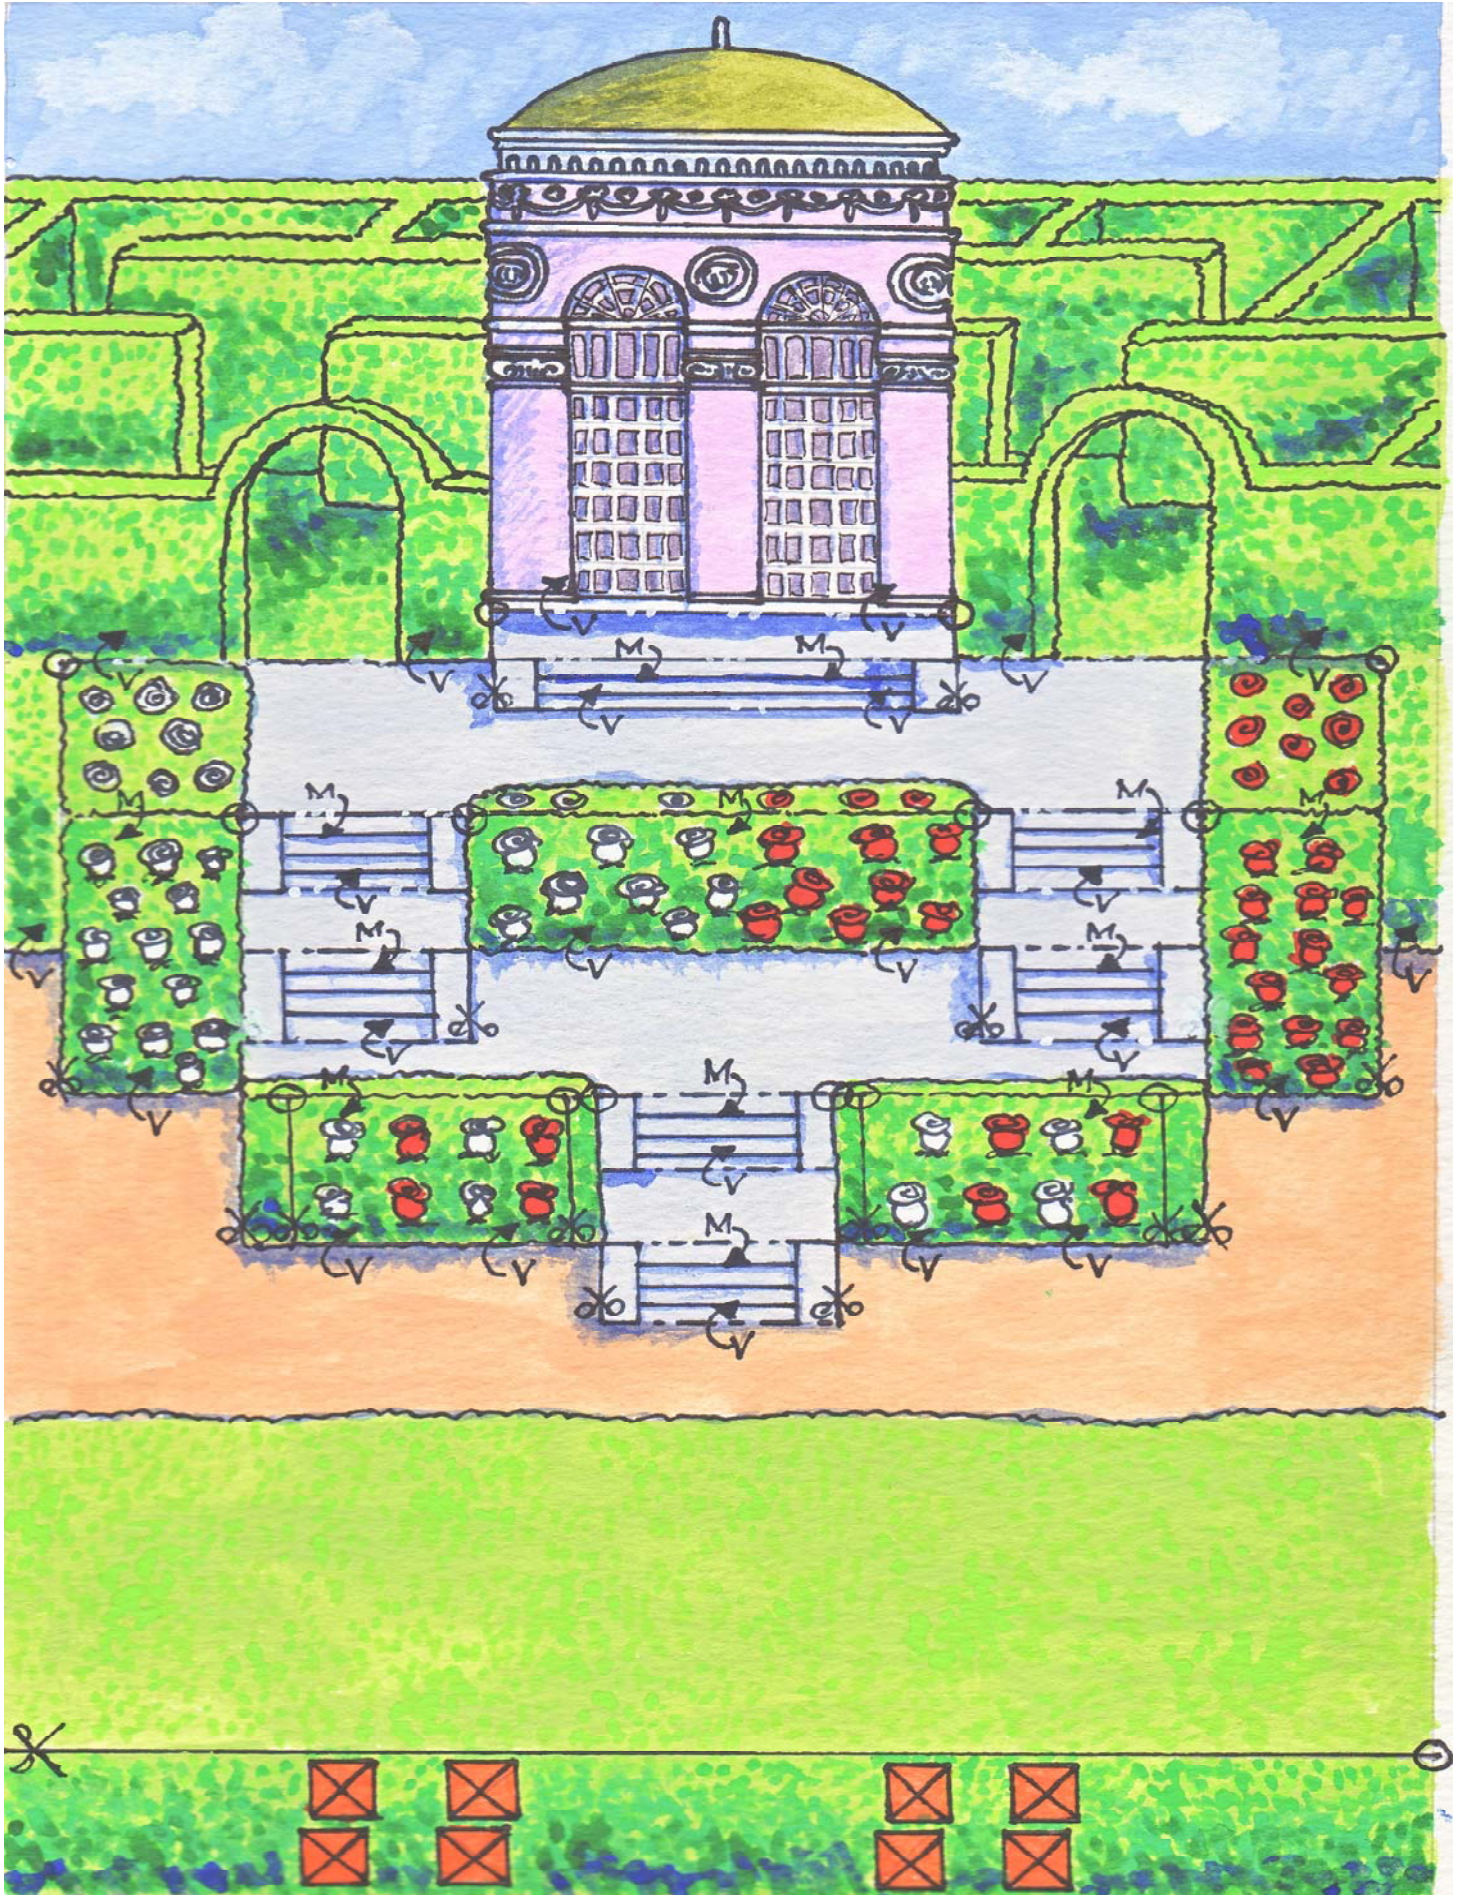

Here's what you do. See the photos on **Pages 3 and 4** to help you.

1. Print out the picture on **Page 2**. Use a colour printer if you can.
2. On the pictures you'll see 3 types of action lines as described below:

- (a) **CUT:** Cut along the line using a blade or a pair of scissors. Stop when you see the circle at the end of the line. Be very careful when you're using the blade or scissors, okie? Maybe your Fefe, Meme, older brother or sister can do this for you.
 - (b) **V-FOLD:** Fold along the dashed line such that the crease points away from you, towards the back.
 - (c) **M-FOLD:** Fold along the dashed line such that the crease points at you, towards the front.
3. Cut out the tab at the bottom of the picture along the CUT line. Use a blade to cut out the orange-coloured windows marked with X. Thread the tab through the front upright fold as shown in **Picture 1**. Slide the tab from left to right to change the colour of the roses from red to white and back again.
 4. Prop up the stage (**Picture 2**) against a wall or box and have lots of fun with Kedou in The Land of Hearts.
